

# PDF/A-1a file containing TDMRep declaration

This is a simple single page PDF/A-1a (ISO 19005-1:2005) conforming document that, in addition to the required PDF/A XMP conformance metadata, contains a W3C TDMRep rights declaration in the document catalog's XMP metadata stream, according to the [W3C TDMRep specification for PDF](#). The TDMRep data in this document is simulated (it is copied from [Example 8 in the W3C specification](#)).

This document's XMP metadata also includes the necessary [PDF/A XMP Extension Schema for TDMRep](#) so that it passes PDF/A validation. PDF/A XMP Extension Schemas are only required for PDF/A-1, PDF/A-2, and PDF/A-3 conforming documents.
